Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 15 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain spreading east this afternoon, windy in the west.

Today:
Some brightness in the east this morning. Otherwise a cloudy day with some patchy rain spreading from the west from late morning onwards, turning persistent and heavy at times in the west this afternoon. Strong southerly winds across the west. Maximum temperature 15 deg C (59 deg F).

Tonight:
Rain this evening, heavy in the southwest, clearing from the west by around midnight to leave the rest of the night mostly dry with clearing skies. Strong southerly winds easing. Minimum temperature 9 deg C (48 deg F).

Wednesday:
Mainly dry with some bright or sunny periods, a few brief showers in the northwest. Windy in the northwest too with fresh occasionally strong southwesterly winds. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
A mainly dry and bright few days, a few showers possible in the northwest on Thursday and Friday. Some rather cool nights.
